1 **SEC. 1002. FINDINGS.**

2 Congress finds the following:

3 (1) Physicians, providers of services, and sup-
4 pliers of medical equipment and supplies that par-
5 ticipate in the medicare program under title XVIII
6 of the Social Security Act must contend with over
7 100,000 pages of complex medicare regulations,
8 most of which are unknowable to the average health
9 care provider.

10 (2) Many physicians are choosing to discontinue
11 participation in the medicare program to avoid be-
12 coming the target of an overzealous Government in-
13 vestigation regarding compliance with the extensive
14 regulations governing the submission and payment
15 of medicare claims.

16 (3) Health Care Financing Administration con-
17 tractors send post-payment review letters to physi-
18 cians that require the physician to submit to addi-
19 tional substantial Government interference with the
20 practice of the physician in order to preserve the
21 physician's right to due process.

22 (4) When a Health Care Financing Administra-
23 tion contractor sends a post-payment review letter to
24 a physician, that contractor often has no telephone

1 or face-to-face communication with the physician,
2 provider of services, or supplier.

3 (5) The Health Care Financing Administration
4 targets billing errors as though health care providers
5 have committed fraudulent acts, but has not ade-
6 quately educated physicians, providers of services,
7 and suppliers regarding medicare billing require-
8 ments.

9 (6) The Office of the Inspector General of the
10 Department of Health and Human Services found
11 that 75 percent of surveyed physicians had never re-
12 ceived any educational materials from a Health Care
13 Financing Administration contractor concerning the
14 equipment and supply ordering process.
